

# Website/Social Media

Posts information/resources from the PWOC board members and other appropriate contributors to the web (website, blog, Facebook, etc.)  
Works closely with Publicity to ensure that all necessary information is disseminated properly.

Military communities can be in continual transition. Social media can be an effective method of outreach to help create an awareness of your ministry and send people to your website where they can learn more. Through the likes and shares of your updates from people who already attend your PWOC, your content can be pushed into the feed of their friends and family.
