PWOC LDP

Leadership Development Program

TOPIC: DECISION MATRIX

Work through this decision matrix as a Board. If at any point the answer is "no," that is the end of the process, and the decision should either be adjusted to fit the criteria or dropped entirely. Note that this matrix can be used by an individual Board member for decisions relevant to her position.

1. What decision do you need to make?

2. Does it align with the Four Aims? How?

3. Does it align with our Board vision? How?

4. Is our PWOC Chaplain Sponsor supportive? What is her/his viewpoint?

5. Is it a need no one else is addressing? (Would we be duplicating someone else's efforts?)

6. Can we afford it financially? Timewise? What would this decision cost?

7. What are the next action steps to move forward with this decision?

8. Who will be responsible for each step? What are the due-outs? Delegate!
